Hi all,

Building on our male ally workshop and roundtable discussion, a group of us will be attending the upcoming [Gender Harassment in Science—Is It Just Me?](#) talk by Kathryn Clancy; if you are interested in issues of gender equity, please join us! The talk is **4pm Tuesday, 3/20, at Goodell 506**; we'll be leaving from the CS lobby at 3:45. Join us afterwards at the High Horse, where we'll continue the discussion.

Registration is requested for the talk [here](#).

Hope to see many of you there!
